Hockey

This special program is based on popular sports. ChampKidz increases fitness, boosts self-esteem, and builds locomotor skills, such as throwing, catching, jumping, and kicking, through basic athletic fundamentals.

ChampKidz recognizes the importance of social skills such as sharing, taking turns, and following directions, in conjunction with the physical skills of hand eye coordination, agility, and flexibility. We encourage teamwork, as well as individual attention in a non-competitive, age appropriate, and supportive environment. As parents and teachers know, children love modified versions of the sports the older kids play.
